Yaounde-Cameroon

Full Stack Developer

SUMMARY

I am a versatile full-stack engineer with a proven track record of crafting scalable, high-performing web applications. Proficient in both front-end and back-end development though I am frontend intensive, I leverage a diverse skillset to deliver exceptional user experiences. On the front-end, I am adept in building dynamic user interfaces using technologies such as HTML, CSS, JavaScript, React, and Next.js. I have a keen eye for detail and a strong understanding of responsive design principles to ensure seamless cross-device compatibility.
